Reduction

For a second child from one family the tuition fees are reduced by 10%

For a third child from one family the tuition fees are reduced by 20%

For a fourth child from one family the tuition fees are reduced by 40%

Full-time Christian workers receive a 25% reduction of tuition fees.

Levy

A levy of £10 is charged each term and the accumulated levy is repaid in full when the pupil has completed the Senior School course at 18 years of age. It is not normally otherwise returned. The purpose of the levy is to discourage the premature abandonment of the course.

The tuition fees cover all subjects except musical instrument tuition. Also covered are all external examination fees and most extra-curricular activities.

Fees are paid by monthly Direct Debit instalments.

For pupils using school transport the cost will be itemised separately in the fees account. A schedule of bus routes and prices is available on request.

Parents are also asked to note that in accepting a place for a child and signing the contract you undertake to give **one term's notice** in writing to the Principal if you wish to withdraw your child from school or **pay one term's fees in lieu**.
