## Hamilton College Pupils Celebrate Record-Breaking Exam Results

Pupils at Hamilton College have achieved their best-ever results at National 5 level since the introduction of the exam in 2013 with 96.1% of National 5 results ranged from A-C. The national average was 78.2%. The results for 2019 also reveal that at Higher level, 92.8% of results ranged from A to C (National average 74.8%), the second-highest in the past six years at Hamilton College. Among the Advanced Highers, 91% of the grades awarded ranged from A to C (National average 79.4%), while 82% were either A or B.

Other highlights include

- One-third of the college's National 5 pupils received at least eight A grades.
- At Higher level, a total of 140 A grades were awarded.
- One pupil achieved an astonishing six Grade A Band 1 results at Higher level, while ten further pupils were awarded five Grade A results.
- Every pupil sitting Advanced Higher Music received an A grade.
- In English, 80% of Hamilton College's National 5 pupils passed with an A.
- 68% of the results in National 5 Mathematics were an A.
- Ten subjects at National 5 level received 100% A to C awards: Art, Admin & IT, Computing, English, Engineering Science, German, Latin, Maths, Music and Physics.

Tom McPhail, Principal at Hamilton College, said there are many tales of individual effort and success within the overall figures.

"Achieving these kinds of results requires a tremendous amount of commitment from our staff, the pupils and their families, who all work together to build the best possible foundations for our young people," he said.

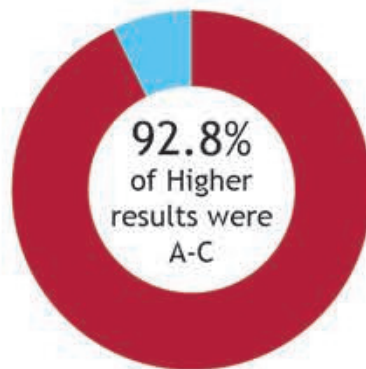

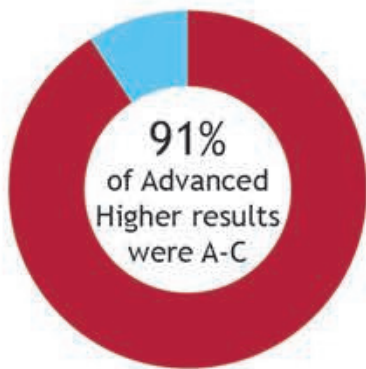

"These fantastic results are tangible evidence of how Hamilton College adds value to the educational experience. In addition to these high academic standards, there are an array of sporting, creative and spiritual opportunities at Hamilton College to develop the 'whole person' to their fullest potential."

Full information on our exam results can be found on our website.
